Public Service Announcement

Safety around power plants and power lines

Start Date: June 19, 2017

End Date: August 31, 2017

Nunavut

45 sec

Qulliq Energy Corporation (QEC) would like to remind Nunavummiut to follow these steps to avoid serious injuries or death and to stay safe around power plants and power lines:

- Stay away from power plants.
- Stay away from broken or fallen power lines.
- Never fly a kite near overhead power lines or power plants. Choose a flying site in an open space away from roads and airport runways.

To report a power related emergency, call QEC's 24-hour emergency number at 867-222-3807.

QEC would like to thank Nunavummiut for their continued cooperation in keeping children away from power plants and power lines.
