## Public Service Announcement

### QEC to begin environmental remediation in Baker Lake

**Start Date: September 07, 2018**

**End Date: September 21, 2018**

**Baker Lake**

**45 sec**

---

Qulliq Energy Corporation (QEC) would like to inform the residents of Baker Lake that QEC will continue environmental remediation around the old power plant site from September 10 to September 21. The affected area is highlighted on the map below.

The remediation land farm currently installed at the power plant site requires an expansion in order to complete the environmental work. The expansion is expected to help accelerate the remediation process.

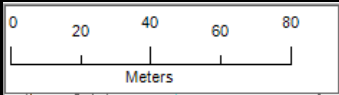

While safety personnel will be on the site, community members are asked to exercise caution around the area where remediation work is being done.

QEC would like to apologize for any inconvenience this may cause the community at this time.
